CHAPEL HILL OFFICE LOOTED.

ROBBERS USE DYNAMITE AND GET CASH AND STAMPS.

The Safe Was Blown Open and $150 in Cash and $400 in Stamps Were Taken.

By Wire to the Telegram.

Chapel Hill, April 18—Robbers dynamited the safe in the post office here last night. They secured about $150 in cash and $400 worth of stamps. There are no clews as to who did the work.

This would seem to be the work of the same band that has been operating in that section for some two years. Robberies have occurred during that time at Siler City and Ore Hill, besides some minor ones.

WHO ESTABLISHED THEM?

Straws That Show the Way the Wind Blows.

Last fall when fire insurance rates on dwellings and other preferred risks were reduced in North Carolina there was some discussion as to the occasion for the reduction. The reduction was made by the South Eastern Tariff Association and this Association claimed that it was made in recognition of certain favorable insurance laws passed by the last legislature. The friends of the two Greensboro fire insurance companies contended that the reduction was aimed at them on account of the annual dividends paid by these companies to their policy holders. In a recent issue of the Insurance Herald, an organ of the South Eastern Tariff Association, appears the following statements:

"It has been common talk in S. E. T. A. circles for a long time that most of the troubles in New Orleans were largely due to the waywardness of the local companies. The locals are said to pay their dividends out of the profits on dwelling-house lines." A good deal of friction has developed at New Orleans between some of the local companies and the companies of the South Eastern Tariff Association. A pretty strong current of opinion has been discovered among the association company managers that it would be a good thing to reduce rates on dwellings and on preferred risks."

From the above it would appear that the situation at New Orleans with reference to the local companies is very similar to that which prevailed in North Carolina, and that the association is taking steps to adopt the same plan of retaliation in New Orleans but, unfortunately, without the excuse of friendly legislation behind which to hide. This New Orleans movement seems to unmask the real motive of the S. E. T. A., in the recent reduction in North Carolina in rates on dwellings and other preferred classes. However, all this matters very little so long as the public gets the benefit of cheaper rates. It should be borne in mind, however, that the low rates on dwellings prevailing in North Carolina has been brought about by our home companies, the Southern Stock-Mutual and Underwriters of Greensboro.

THE ORANGE PRESBYTERY.

The 260th Session Convened in This City Last Night.

The Presbytery of Orange met last night in its 260 session at the Westminster church. The opening sermon was preached by Rev. C. W. Robinson of North Wilkesboro. Fourteen of the twenty-six ministers in the Presbytery were present at roll call. Two more came in this morning. Sixteen of the fifty-eight churches are represented so far.

Ruling Elder T. B. Fuller of the Durham church was elected moderator, and Rev. J. Goodman, ruling elder S. H. Boyd were elected as temporary clerk Rev. Eugene Daniel D. D., of Raleigh and Rev. Jno. Wakefield, of Salisbury were introduced to the Presbytery, and invited to sit as corresponding members. The hours for meeting were agreed on as follows: 9 a. m. to 12 m. 2:30 p. m. to 5 p. m. 8 p. m. to adjourn at will.

Presbytery met this morning at 9 o'clock and was opened with prayer by Rev. D. J. Currie. Rev. S. S. Oliver was dismissed at his own request, to unite with the Presbytery of Lexington. Other routine business was transacted at eleven o'clock. The Presbytery took recess until the afternoon. The hour of divine worship having arrived, the members of the Presbytery and the congregation listened to a strong sermon by Dr. Eugene Daniel from Rom. 5-10, on reconciliation by the birth of Christ. Will be preaching again tonight at 8 o'clock.

Big Arbitration Suit.

Fuller, of Durham, and Bynum & Bynum, representing the Nantucket Mills and Messrs. King & Kimball, Jas. H. Pou, and others represent the Finishing Mills.

TROUBLE WITH TURKEY LIKELY.

THE BAD FAITH OF THE SULTAN IS THE CAUSE.

He Has Continually Refused to Pay Indemnity Claims, And Diplomacy is Exhausted.

By Wire to the Telegram.

Washington, April 18—It is learned at the State department this morning that a final peremptory note has been sent Turkey, requiring that the idemnity must be paid immediately or disagreeable consequences will follow. This ends the matter so far as diplomacy is concerned on the part of United States.

The trouble is over the bad faith of the Sultan. He promised to pay the idemnity claims of the American missionaries for the destruction of eight buildings of the Euphrates College, at Harpoot, and several buildings belonging to the American missionaries at Marash, during the Armenian massacres in 1895, aggregating about $90,000.

He has failed to pay and has been prodded by this government time and again since the claims were awarded, but to no avail. He will never pay till forced to.

THE POP CONVENTION WARM

HARRY SKINNER HISSED BY DR THOMPSON

The Platform Condemns The Constitutional Amendment—Skinner Denounces Senator Butler.

Special to the Telegram.

Raleigh, April 18—The State Populist convention is in session here this afternoon. H. F. Seawell, of Moore, is chairman. Congressman Sutherland, of Nebraska, addressed the convention in a speech on populist doctrine.

The platform submitted, and which is being discussed at four o'clock, condemns the last legislatare in strong terms, as careless, slip-shod, etc. It denounces in unmeasured terms the election law. The amendment is condemned and the grandfather clause declared unconstitutional. It favors legislation which will eliminate the negro after three generations.

The sensation of the day was caused by ex-Congressman Harry Skinner, who denounced Senator Butler and declared he was no better than Chairman Simmons.

Skinner says if the convention is honestly for Bryan it will endorse the Democratic electors at large. He declares that Bryan embodies the very highest and best doctrines of populism.

His utterances about Butler were hissed, Dr. Thomson joining in the hissing.

MAJOR STEDMAN TO SPEAK.

Daughters of the Confederacy Secure His Services to Talk of the Life and Character of General MacRae.

At the request of the Guilford County Chapter of the Daughters of the Confederacy, Major Chas. M. Stedman has consented to deliver on the 10th of May—Memorial Day—an address on the life and character of General William MacRae and the battle of Reams station. It is deemed particularly appropriate to this locality as a large number of McRae's brigade volunteers was were from this section, and he was held in high esteem by all of his officers and men. Moreover, both Cook's and Scales' brigades, which had many members from Guilford and adjoining counties participated in the fight at Reams Station which reflected great honor upon North Carolina troops. The address was delivered by Major Stedman ten years ago in Wilmington.

STATE CONVENTION

Miss Bays Says Everything is Ready for the Christian Endeavorers.

To the Editor of the Telegram:

Everything is in readiness for the Christian Endeavor State Convention to be held in Raleigh next week, April 26 to 29, and every indication is that this will be in every way an interesting and helpful convention.

It was my privilege to be in Raleigh last week in the interest of the convention Many of the merchants, all whom I had time to see, willingly consented to use the Christian Endeavor state colors in the decoration of their places of business during the convention, so we look for an elaborate display of green, yellow and white during those days. Rev. Dr. T. N. Ivey, of Raleigh, and other speaks s have been added to the list of those who will take part on the program. The "Quiet Hour" prayer meeting on Sunday morning will be held with the Prison Christian Endeavor society at the penitentiary. Let us have a large attendance at the convention.

THEY ARE BETWEEN TWO FIRES

TRAINMAN'S CAUSTIC COMMENT ON RULES

To Obey Them All, He Says, Means to Lose Time and Win a Discharge. To Break Them and Have an Accident Means a Discharge Also.

It is an interesting position that one finds when studying the relations that connect the railroad employee with the road itself with regard to the rules and regulations. It has a ring of "heads I win, and tails you lose" in favor of the road when it comes to deciding where the responsibility lies when an accident occurs. An old railroad employee, a member of a train crew, was conversing with the writer recently, and in going over it the situation might be better and more readily understood if he were to be rather closely quoted from his standpoint and in his language.

"On our line," he said, "we have many a good mile that composes the whole road, but I will confine my knowledge and experience of working under rules and regulations as standing between the general manager's office and the actual operation of trains. To follow every rule and regulation to the letter would make travel far safer than lying in bed, but it would be so slow and tedious to the passenger that the time made in the old days of stage lines would appear a 'flier's' time of these days.

"To make from even 30 miles per hour up to the 80 reached these days and to live up to everything pertaining to slow ups, grade crossings, saving of coal, oil and material, slow stops and starts, reduced speed over switches and turnouts and a hundred and one things to be remembered, would be the worst kind of folly if making time was a consideration.

"Take my run, 150 miles, which is on the card to be made in 4 hours and 52 minutes, not such a swift gait, to be sure, although in winter, with snow, ice and bad weather, it is some little kind of a job to get around on time. To live up to every ironclad rule, those in the book, on the card and various specials issued every day, you could not pull that run through in ten hours, and you might count yourself lucky if you went through upon that time.

"A trainhand has the choice of either making his time, for, if he is frequently late, he is either set back, suspended, fined or dismissed, or living up to every rule, and, if not found doing so in case of accident, being dismissed. Of course where no accidents occur the rules can be tampered with and the management be blessed with bandaged eyes, but let a mishap occur, and in order to protect themselves they jog out the thousand or two rules, and if you are found guilty you receive an early dismissal. So the trainhand takes his desperate chances by playing at luck, by using discretion in obeying his rule, as he keeps his position longer than he would through strictly carrying out every one and eventually being dismissed when the first salary day arrives.

"In one book of rules upon a large road appear nearly 500 regulations for the employee to familiarize himself with, or, as one of the general rules says: 'The head of each department must be conversant with the rules, supply copies of them to his subordinates, see that they are understood, enforce obedience to them. No one will be excused for the violation of any of them, even though not included in those applicable to his department. Ignorance is no excuse for neglect of duty.'

"Then follows a most remarkable clause or rule which reads, 'Every employee while on duty connected with the trains on any division of the road is under the authority and must conform to the orders of the superintendent of that division.' Now, if the employee has a certain order from the superintendent that conflicts with those of the book, the road has him double headed.

"To obey the superintendent and disobey the rule means discharge, as it distinctly states that 'no one will be excused for the violation of any of them,' while on the other hand 'he must conform to the orders of the superintendent,' so he is apt to become discharged either way, but the road stands unblamed in either case. Besides these 500 regulations there are numbers of rules, about 20 forms of train orders, 4 hand and lamp signals, 17 manner of using signals according to the train rules, besides nearly 100 special rules on time card.

"Then comes the changing occasionally of a rule or from day to day the time of some new rule. With this the employee must learn by heart the scheduled time of some 25 regular trains, not to mention as many specials. Is it a wonder not more accidents occur when one employee may be on duty 18 or 20 continuous hours and happens to forget just one of these things to be remembered?"—Portland (Me.) Argus.

Boiled Salt Meats.

The indigestible properties of boiled ham, corned beef and other salt meats may, according to Mrs. Parloa, the cooking expert, be eliminated if the meat is sufficiently boiled. The salt toughens the fibers, and it takes persistent boiling to overcome this. The time allowed for a ten pound piece is five hours, but as the pieces are apt to be thick rather than long one of half this weight would need about the same amount of time. The meat should be partly cooled in the water in which it is boiled.

WEDNESDAY, APRIL 18 1900.

AYCOCK AND EDUCATION

We have not ever heard a political speech pitched upon a higher plane nor one which appealed more for all the better things for which thinking men ought to stand in this State today, than that one made in Guilford court house last night by Chas. B. Aycock. It was a digest of his more elaborate speeches, and withal uttered so earnestly, so directly and without the trills of partisan language, that it must needs be remembered by all who heard it. Nothing in this canvass will be more grand than was the speaker, when pledging himself and fellow candidates as the champions above all things of the constitutional amendment, he declared that they stood for and opened the way for "liberty of thought, liberty of speech and liberty of action in North Carolina," and that they sought to usher in the day when the heartburnings and bitterness of a campaign such as we have been compelled to wage will be of the past and buried with the condition that produced the necessity. His pledges to the cause of education were hardly less grand.

In one particular Mr. Aycock has taken a magnificently forward step, and he presses it with a persistency that challenges the admiration of all men. His stand upon this particular point of the amendment is all the more charming because it has been taken up by the opponents of the amendments as a vulnerable spot. The point is that made by the Republicans that after 1908, not even white men who come of age can vote unless they have the educational qualification. So far from being afraid of this Mr. Aycock bodly meets it by the proposition that the boys must learn to read and write. They must and will do it, he says, and this will create such an educational awakening in the State as will next to revolutionize it. Thus he couples with the appeal for the amendment a no less earnest and emphatic one for popular education. It is a disgrace to us that in the blaze of the present civillzation of the world it is necessary to make such an appeal. But it is necessary, and it is fortunate that we are compelled to make it this year instead of later.

So this campaign will be as much for the cause of education as for anything else. Indeed, we believe that of Mr. Aycock is able to continue his campaign and speak in every county in the State it will be the greatest single impetus to the cause of popular education that has ever come to us.

CLEVELAND AND WELDON.

The Long Lank Man Thought He Was a "Whopper."

Youth's Companion.

One of the president's duties which has its painful sides, says an exchange, is the almost interminable handshaking which accompanies a presidential reception. Besides the physical exertion required the monotony of the thing must be wearisome almost beyond endurance, unless it is broken, as no doubt it often is, by some amusing incident.

When Mr. Cleveland was at Weldon, N. C., during his first term, a great crowd shook hands with him. In the middle of the line was a long, lank countryman who took the greatest interest in the scene.

At length he reached the president and grasped him warmly by the hand.

"Well," said he, "so you are the president?"

"Yes," replied Mr. Cleveland, "I am the president."

"Well," continued the old fellow, shaking Mr. Cleveland's hand like a pump handle, "I've voted for many a president in my time, but I never seed one before." He paused a moment, and, looking the president up and down and from one side to the other, he exclaimed:

"Well, you are a whopper."

The president smiled, and the crowd laughed.

At another time Mr. Cleveland was receiving a delegation of teachers at the White House.

"Dr. Lucky, of Pittsburg," said the introducer, as a gentleman stepped forward to shake hands.

It had been intended that the other teachers should follow in turn, but somehow a dilapidated looking old tramp had slipped into line just behind Dr. Lucky. As he shuffled up to the president there was a pause. Nobody knew the name, and even the tramp seemed to feel embarrassed.

The president mended the difficulty. He extended his hand and with more than his usual cordiality he said in an encouraging tone:

"How are you, my friend? Your name is Dr. Unlucky, I presume."

The old tramp's face relaxed into a smile.

A NIGHT OF TERROR.

"Awful anxiety was felt for the widow of the brave General Burnham, of Machias, Me., when the doctors said she could not live till morning" writes Mrs. S. H. Lincoln, who attended her that fearful night. "All thought she must soon die from Pneumonia, but she begged for Dr. King's New Discovery, saying it had more than once saved her life, and had cured her of consumption. After three small doses she slept easily all night, and its further use completely cured her." This marvelous medicine is guaranteed to cure all throat, chest and lung diseases. Only 50c and $1.00. Trial bottles free at C. E. Holton's drug store.

REMARKABLE CURE OF RHEUMATISM.

Kenna, Jackson Co., W. Va.

About three years ago my wife had an attack of rheumatism which confined her to her bed for over a month and rendered her unable to walk a step without assistance, her limbs being swollen double their normal size. Mr. S. Maddox insisted on my using Chamberlain's Pain Balm. I purchased a fifty-cent bottle and used it according to the directions and the next morning she walked to breakfast without assistance in any manner, and she has not had a single attack since.—A. B. Parsons. For sale by C. E. Holton, druggist.

RHEUMATISM—CATARRAH—DISEASES CURED BY B. B. B.

It is the deep-seated, obstinate cases of catarrh and rheumatism that B. B. B. (Botanic Blood Balm) cures. It matters not what other treatments, doctors, sprays, liniments, medicated air blood purifiers, have failed to do, B. B. B. always promptly reaches the real cause and roots out and drives from the bones, joints, mucuous membrane, and entire system the specific poison in the blood that causes rheumatism and catarrh. B. B. B. is the only remedy strong enough to do this and cure ond so there can never be a return to the symptoms. Don't give up hope, but try B. B. B. (Botanic Blood Balm) or 3 Bs.

For sale by druggists and Howard Gardner, in Greensboro, at $1 per large bottle, or 6 large bottles (full treatment) $5. To prove our faith in B. B. B. we will send a trial bottle free to sufferers, so they may test the remedy at our expense. Address Blood Balm Co., Atlanta, Ga.

Sores and Ulcers

DRAIN THE SYSTEM, ENDANGER LIFE.

That old sore or ulcer, which has been a source of pain, worry and anxiety to you for five or ten years,—maybe longer—doesn't heal because you are not using the proper treatment, but are trying to cure it with salves and washes. While these are soothing and relieve pain to some extent, no real, permanent good can come from their use, because the disease is in the blood and far beyond the reach of external applications.

A sore heals promptly when the blood is in good condition, but **never** if it is diseased. The tendency of these old sores and ulcers is to grow worse, spreading and eating deeper into the flesh. They are a constant drain upon the system, gradually but surely ruin the health and sap the very life. A person's capacity for work or pleasure is soon lost in the great desire and search for something to cure.

S. S. S. makes a rapid and permanent cure of old sores and ulcers, and is the only medicine that does, because no other can reach deep-seated blood troubles. Ordinary Sarsaparilla and potash mixtures are too weak and watery to overcome a deadly poison that has taken possession of the blood. Do not waste valuable time experimenting with them.

A Gunshot Wound. "Some years ago I was shot in the left leg, receiving what I considered only a slight wound. It developed into a running sore and gave me a great deal of pain. I was treated by many doctors, and took a number of blood remedies, but none did me any good. I had heard S. S. S. highly recommended and concluded to give it a trial. The result was truly gratifying. S. S. S. seemed to get right at the trouble, and forced the poison out of my blood; soon afterwards the sore healed up and was cured sound and well. I now have perfect use of the leg, which was swollen and very stiff for a long time. J. H. McBRAYER, Lawrenceburg, Ky."

S. S. S. is the only purely vegetable blood purifier known; is made of roots and herbs of wonderful purifying properties, which no poison can resist. S. S. S. quickly and effectually clears the blood of all morbid, unhealthy humors, and the old, troublesome sore heals. At the same time the general health is invigorated and built up. When a little scratch or hurt fails to heal readily, you may be sure your blood is bad. S. S. S. will soon put it in order and keep it so.

Our Medical Department is in charge of experienced physicians, who have made blood diseases a life study. If you will write them about your case, they will gladly furnish all information or advice wanted, without any charge whatever.

MILLIONS GIVEN AWAY.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles of this great medicine, and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, Bronchitis, Hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on C. E. Holton, druggist, and get a trial bottle free, Regular size 50 and $1. Auction Sale of Small Farms.

Having had so many inquiries for small tracts of land in and near the city suitable for truck farms and grass lots, we have decided to have a closing out sale of the remainder of the Vanbokelin land on Thursday afternoon, April 19th., at 3 o'clock.

We will sell these tracts in sizes ranging from three to twenty acres, to the highest bidder on the following terms: One-third cash, one-third in six months and one-third in twelve months, deferred payments bearing interest at the rate of six per cent per annum.

This is sooner than we expected to have a sale, but prospective buyers want land in time to plant crops this spring. There has never been a sale of this kind here and we are going to try to meet the wants of a large class of buyers.

We have a number of choice lots left and if any one wants one on the day of the sale we can put it up. but we shall make a special effort to dispose of a large number of small farms. We hope to see a large crowd on the ground at the hour of sale. We will detain you only long enough to give you an opportunity to make a purchase in this growing city, which you will never regret.

Hacks will be on hand to take you to the sale free of charge.

Sale to commence at the bridge below Kirkpatrick's old brick yard.

Land in Greensboro will not always be as cheap as it is now and he who is wise will take advantage of this sale.

Baldness Can be Cured

just so long as there is a particle of vitality left in the hair roots. The fact that the head is smooth and shining is no positive proof that the roots beneath are dead.

Deep down beneath the skin, hair roots may yet exist, filled with latent vitality, and all that is required to develop them into a beautiful head of hair is the faithful application of the proper agents.

Seven Sutherland Sisters' preparations furnish the easiest, surest and quickest way to ascertain if there is or is not latent life beneath a head bare of hair. Why not try them?

White Delivery Wagons have been a distinguishing mark of the Greensboro Steam Laundry for a number of years. Our customers have learned to "look out for the white wagons."

Competitors have seen fit to imitate our wagons, therefore we deem it wise to make a change.

Our wagons are now in the shop. About May 1st they will come out green, our future color. In the mean time would respectfully request our friends and patrons to BEWARE of the white laundry wagons and see to it that the right driver gets the bundle. INVEST 5 Per Cent WITH US AND SAVE 500 PER CENT

A Little Problem in PER CENT

You are building a house to cost, fitted up with common hardware and mantels say $2,000. Substitute fine builders hardware, hardwood mantels, handsome grates and tiles at an additional cost of say $100.00. Total cost $2100.00, or 5 per cent more than originally allowed.

Then compare the two and decide if your home, with the fine Hardware, Mantels etc., is not worth fully $2500.00 to sell, to rent or to live in. That means the increase in value is 25 per cent of the original cost, or 500 per cent of the extra cost. If you don't accept our method of figuring, call to see our handsome lines and then decide for yourself.

The divorce evil seems to grow with every year. 7,500 divorces were granted in the State of Ohio last year. We agree that there are faults on both sides, but the great problem is: Are those faults remediable? To a great extent there is no doubt the conditions which result in divorce may be remedied. Given a dyspeptic husband and a wife suffering from female trouble and we have the ready made elements of a divorce case. In view of the facts there can be very little doubt that many women look forward to divorce only because they seek relief from obligations they do not feel fitted to fulfill. Women are not to blame. They have looked forward to their home life as a dream of paradise. Then disease comes like a serpent and destroys all happiness.

Women who suffer with debilitating drains, inflammation, ulceration, female trouble and bearing down pains, will find certain relief and cure in Doctor Pierce's Favorite Prescription. It so invigorates the organs peculiarly feminine and regulates their functions that they are established in a perfectly healthy condition. The old lightness of heart comes back; there's light in the eyes and a smile on the lips. The old irritation and nervousness are gone, and the husband comes to his home as a haven of rest and comfort.

"I was troubled with female weakness, and after taking three bottles of Dr. Pierce's Favorite Prescription I am free from pains," writes Mrs. May E. Jones, 529 Madison Ave., Ypsilanti, Mich. "I had suffered for two years when I began taking your medicine. I could not walk across my room without suffering dreadful pains. Now I do all my housework and walk where I please—thanks to Dr. Pierce's medicine."

No man has a right to waste the time of other people.

THE BEST IN THE WORLD.

We believe that Chamberlain's Cough Remedy is the best in the world. A few weeks ago we suffered with a severe cold and a troublesome cough, and having read their advertisements in our own own and other papers we purchased a bottle to see how it would affect us. It cured us before the bottle was more than half used. It is the best medicine out for colds and coughs.—The Herald, Andersonville, Ind. For sale by C. E. Holton, druggist.

Remembering Father.

Chicago Times-Herald.

The chorus of one of the latest popular songs is as follow:

Just a word for father, dear old patient father,
Working with his heart and hand to make our troubles few,
In our love for mother, don't forget the other,
But let us whisper just a word for father too.

It is eminently fitting that near old father should be remembered, and we rather think he is in most case, even if mother does get most of the attention in music hall songs. But the foregoing chorus is hardly calculated to carry the masses back with such intensity of feeling as something on this order would.

Just a word for father, dear old sturdy father,
Who could swing a trunkstrap with a grace possessed by few;
How he used to take us in his iron grasp and shake us!
These were strong points that dear old father once had, too.

PREVENTED A TRAGEDY.

Timely information given Mrs. George Long, of New Straitsville, O., prevented a dreadful tragedy and saved two lives. A frightful cough had kept her awake every night. She tried many remedies and doctors but steadily grew worse until urged to try Dr. King's New Discovery. One bottle cured her, and she writes this marvelous medicine also cured Mr. Long of a severe attack of pneumonia. Such cures are positive proof of the matchless merit of this grand remedy for curing all throat, chest and lung troubles. Only 50c and $1 00. Every bottle guaranteed. Trial bottles free at C. E Holton's drug store.

A fellow usually discovers that his views of life are distorted when he first takes up amateur photography.

HIS LIFE WAS SAVED.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from death. In telling of it he says: "I was taken with typhoid fever that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it and now am well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular sizes 50 cents and $1 00. Trial bottles free at C. E. Holton's drug store; every bottle guaranteed.

Virtue is its own reward, and a man never gets any credit for paying cash.

ROBBED THE GRAVE

A startling incident, of which Mr. John Oliver, of Philadeldhia, was the subject, is narrated by him as follows; "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides; no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying Electric Bitters: and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cents per bottle at C. E. Holton's drug store.

When a man doesn't blow his own horn it is usually because he either can't raise the wind or is not musical

A LIFE AND DEATH FIGHT

Mr. W. A. Hines, of Manchester, Iowa, writing of his almost miraculous escape from death says: "Exposure after measles induced serious lung trouble, which ended in consumption. I had frequent hemorrhages and coughed night and day. All my doctors said I must soon die. Then I began to use Dr. King's New Discovery for Consumption, which completely cured me. I would not be without it even it cost $5 a bottle. Hundreds have used it on my recommendation and all say it never fails to cure throat, chest and lung troubles." Regular size 50 cents and $1.00. Trial bottles free at C. E. Holton's drug store.

QUESTIONS ANSWERED S

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and othaches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. For sale by Grissom & Fordham.

"No family can afford to be without One Minute Cough Cure. It will stop a cough and cure a cold quicker than any other medicine," writes C. W. Williams, Sterling Run, Pa. It cures croup, bronchitis and all throat and lung troubles and prevents consumption. Pleasant and harmless. Howard Gardner.

Speaking of a Name.

Apropos of the sentiment involved in the change of the name of the Benbow to Hotel Guilford, and the comment it has evoked, a prominent citizen remarked yesterday that when the Benbow was opened in an unfinished condition in 1872 by Dr. Benbow, it was done to accomodate a party of northern editors and that Z. B. Vance was the first name ever written upon the hotel register, Mr. Vance having been invited to address the meeting of editors. In the opinion of the citizen that fact alone was enough to immortalize the name, and he was sorry it had been changed.

DOES IT PAY TO BUY CHEAP?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. For sale by Grissom & Fordham.

The girl who is worth her weight in gold usually has her own way.

FOR THE BABIES.

There is no better medicine for the babies than Chamberlain's Cough Remedy. Its pleasant taste and prompt and effectual cures make it a favorite with mothers and small children. It quickly cures their coughs and colds, preventing pneumonia or other serious consequences. It also cures croup and has been used in tens of thousands of cases without a single failure so far as we have been able to learn. It not only cures croup, but when given as soon as the croupy cough appears, will prevent the attack. In cases of whooping cough it liquefies the tough mucous, making it easier to expectorate, and lessens the severity and frequency of the paroxysms of coughing, thus depriving that disease of all dangerous consequences. For sale by C. E. Holton, druggist.

It seems queer that baggage has to be checked before it will go.

W. W. Mayhew, Merton, Wis., says, "I consider One Minute Cough Cure a most wonderful medicine, quick and safe." It is the only harmless remedy that gives immediate results. It cures coughs, colds, croup, bronchitis, grippe, whooping cough, pneumonia and all throat and lung diseases. It's early use prevents consumption. Children always like it and mothers endorse it. WINE OF CARDUI

Woman Knows Woman.

ZURICH, KAN., Jan. 31.
I used Wine of Cardui for nervousness and weakness in the womb. After taking one bottle I was well again. I am a midwife and always recommend Wine of Cardui to my lady friends during pregnancy and after birth as a tonic. Every lady who takes it finds that it does even more than is claimed for it.

McELREE'S Wine of Cardui

Nobody knows woman like woman. Men go to medical colleges, study books and listen to lectures. They learn indirectly of the diseases of women, but they are men and can never fully understand the ailments, the sufferings, the agonies of mothers, wives and sisters. A woman **knows**. Mrs. Boisvert **knows**. She has passed through the trials and tribulations of her sex. She has been near by when her sisters suffered. She has seen them relieved and cured with Wine of Cardui. Is it any wonder she recommends it? Is it any wonder that thousands of other women recommend it. **They know.** They have actual experience to prompt them. They spread the tidings from mouth to mouth, telling how Wine of Cardui helps young girls, helps the weak of all ages, helps and cures all womanly ills.

THE AMERICAN MONTHLY REVIEW OF REVIEWS

THE "NECESSARY" MAGAZINE

The best-informed men and women in the world use the AMERICAN MONTHLY REVIEW OF REVIEWS to keep well informed, and call it the "necessary" and "indispensable" magazine. In the busy rush of to-day ambitious men and women must know about the important questions of the month, and not only this, they want to know about them at the right time. When the whole country is puzzled over the gigantic combination of trusts, a well-informed article is printed in the AMERICAN MONTHLY, giving the facts, and its editor discusses the theory; when the Dreyfus affair is in everyone's mouth, the best story of Dreyfus and the great case comes out in this magazine.

Every month, in "The Progress of the World," Dr. Albert Shaw gives a comprehensive picture of the world's history during the previous thirty days. In the departments, the valuable articles and books that have been published during the past month are reviewed and quoted from, so that the readers of the AMERICAN MONTHLY can get the gist of them. In every issue nearly a hundred pictures are printed, including the portraits of the men and women who are making the history of the month.

To be thoroughly well informed helps any man or woman in his or her work. A subscription to the AMERICAN MONTHLY REVIEW OF REVIEWS represents an investment for the best kind of profit, as well as entertainment. One subscriber has just written: "Count me a life subscriber, and when you send me a number beyond the limit of my subscription and secure no renewal from me, consider it a notice of my death."

An Odd Experience.

James Dillingworth, a Cincinnati man, had an experience in a Chicago violin shop recently that might happen once in 10,000,000 times. Mr. Dillingworth came over from Cincinnati with his daughter, who is a somewhat skilled violinist. On the road the daughter's pet violin got smashed in a trunk. It was a medium good instrument. Mr. Dillingworth paid $75 for it in a London shop and had given it to his daughter. He took it to a State street store to have it repaired. The next day he went back to get it.

"We haven't finished the repair yet," said the clerk. "You see we had to take the violin apart," he explained, exhibiting the pieces.

Mr. Dillingworth was astonished to catch sight of his name on the underside of the top piece. He examined it more closely.

"This is a violin I made 50 years ago," he gasped, more surprised than he had ever been in his life.

Half a century ago Mr. Dillingworth made the violin just as an experiment and because he had a knack for using cabinet tools. He afterward sold the violin to a friend for $2.50. The friend sold the instrument to a man who was just starting for Australia. Dillingworth bought his own fiddle back at a London violin shop for $75.—Chicago Inter Ocean.

At Church and at Home.

Just what the good, helpful church member is in church he is at home, with an open heart and an open hand, never content unless his friends are coming and going, never angry unless they will not stay and have a meal with him, never so full of joy as when he is doing a good turn, or going over old days with those to whom he is bound by a hundred ties of kindly words and deeds. As he has dealt with all men, strangers and friends alike, in his church and in his house, so will God deal by him, and for him we may feel sure there will be a hospitable welcome waiting where the churches of earth have changed into Our Father's house.—Ian Maclaren in Ladies' Home Journal.

Power of the Mormon Church.

Beyond a doubt, says Rollin Lynde Hartt in The Atlantic, the Mormon church is, considered purely as a political economist's scheme, "today nearer to being a sucessful effort to inaugurate the brotherhood of man than anything ever tried."

Here, then, is a social and political force to be reckoned with. Marvelous in its power over the individual, it is rapidly becoming an actual menace to the nation. Already it numbers 1,000,000 adherents. It owns Utah. It holds the balance of power in Idaho, in Wyoming, in Colorado, in California and in Nevada. When Arizona and New Mexico are admitted to the Union, it will control them also.

Our Authors Abroad.

Bret Harte says that England is good enough for him; Mark Twain is pretty much of the same opinion; Edgar Fawcett echoes "Amen!" Stephen Crane ditto; Robert Barr likewise. And thus we are losing them all to the mother country. How are we going to have an American literature at that alarming rate of emigration? And why is this thus? England does not pay better prices for literary work, for her best authors occupy the biggest space in American magazines. Is it that "the boys" are lionized more over there?—Atlanta Constitution.

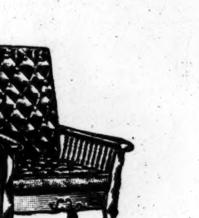

H. Clark, Chauncey, Ga., says De-Witt's Wich Hazel Salve cured him of piles that had afflicted him for twenty years. It is also a speedy cure for skin diseases. Beware of dangerous counterfeits. Howard Gardner.

SEVEN RUNNING SORES CURED

—BY—

Johnston's Sarsaparilla

QUART BOTTLES.

THE GREAT SPRING MEDICINE.

JOHNSTON'S SARSAPARILLA as a Blood Food and Nerve Energizer, is the greatest SPRING MEDICINE ever discovered. It comes as a rich blessing from heaven to the "worn out," the run down, the overworked and debilitated. That "tired feeling," those "sinking spells," the languor and despondency which arise from badly nourished nerves, from thin, vitiated blood and an underfed body, vanish as if by a magic spell. The weariness, lassitude and nervous prostration which accompany the springtime and the heat of summer, are conquered and banished at once. For every form of neurasthenia, and all ailments of the brain and nerve, insomnia, hysteria and nervousness generally, it is almost a specific. It furnishes the very elements to rebuild worn-out nerve tissues. It feeds brain, nerve centers and nerves, calming and equalizing their action; it makes rich, red, honest blood. Newness of life, new hope, new strength follow its faithful use. It makes the weak strong, and the old young again.

It was the antiquated (but now happily exploded) method in the good old times, to treat **Salt Rheum, Scrofula, Cancer** and other troublesome disorders arising from **BLOOD TAINT** with powerful alteratives, such as mercury, arsenic and other mineral agents. It was expected by this treatment that the poison could be killed while the blood was left to course through its channels holding in its circulation the specific germs of the disease. But in this way, every part of the body became more or less diseased. Nothing can be more terrible than a horribly destructive blood taint. It not only attacks virulently the different structures of the body, but many times the bones are honey-combed and destroyed. It often seeks out the nerves and spinal cord, and again it will bring decay and death to some vital organ, as the kidneys, liver or stomach. There is only one scientific method for the cure of blood taint. That is, **PURIFICATION!** Every particle of the blood must be removed through the excretory channels, the lungs, kidneys, bowels, liver and skin. "First pure, then peaceable." The great restorative, reconstructive and vitalizer of the blood, **JOHNSTON'S SARSAPARILLA,** not only radically and exhaustively removes the taint, but also removes all mercury, calomel and other minerals, and fills the veins and arteries with the ruby, glowing current of vitality. "The blood is the life." Good health means pure blood. The old and reliable remedy, **JOHNSTON'S SARSAPARILLA,** is universally regarded as the greatest Blood Purifier ever discovered. This fact is now established beyond question or cavil.

LAST NIGHT'S RATIFICATION.

CANDIDATES FOR STATE OFFICES GREETED BY A LARGE CROWD.

Gilmer Made a Great Speech—The Reception Tendered the Standard Bearers—All Here Except Two.

Upon the arrival of the train from Winston at 6:10 last evening, bearing the democratic nominees for State offices, a line of splendid turnouts were at the depot to meet them. The most elaborate was that of Mr. C. P. Vanstory in special honor of his old friend General Toon, the candidate for superintendent of public instruction. It was a handsome victoria drawn by four magnificent iron-grays, driven by by that prince of horsemen, Mr. J. M. Stewart. Accompanying General Toon in the carriage were Mr. R. W. Brooks, Prof. J. Y. Joyner and Mr. C. P. Vanstory. The driver was dressed in a clean suit of white duck. The candidates were driven to the hotels, part of them stopping at the McAdoo and part at the Guilford.

At eight o'clock there was a large crowd at the courthouse, including a number of ladies. Many were turned away for want of room On account of the sickness of county chairman, A. M. Scales, Mr. Z. V. Taylor was master of ceremonies, and most splendidly did he perform his duties. While the people were gathering the Gate City Band discoursed enlivening music from the south portico of the court house.

On account of the large number of candidates it has been arranged for only one or two to make a set speech at each place, allowing time only for the others to announce themselves. Last night was Hon. R. D. Gilmer's night, and he made the first speech. He was introduced by Mr. Taylor and spoke for nearly an hour, far surpassing in eloquence and power of oratory the expectations of those who had not heard him before and who did not know him. His speech was not an attempt at a legal argument on the constitutionality of the franchise amendment, but an appeal for good government by putting the controlling power forever in the hands of the white people. In the decision of this question is wrapped up the future weal or woe of the people of the state. It was unnecessary to go back and discuss the conditions which have made the passage of the amendment necessary. He briefly discussed the enfranchising of the negro and the disfranchising of white men by the republican party. The only states where the negro was allowed the ballot was where there were no negroes. The states loyal to the union were allowed the regulation of suffrage; but those considered disloyal were refused that right and the southern states were cursed by the ignorant negro being given the ballot. The speech was a great one and elicited prolonged applause.

Prof. P. P. Claxton, in a ringing speech, introduced Gen. Thos. F. Toon, the next superintendent of public instruction, who made a brief talk, not attempting a speech, merely announcing himself. He made a happy hit when he said that all the other candidates were speaking for him when they discussed the educational clause of the amendment. That gave him an advantage over them and relieved him of much speaking.

B R. Lacy, nominee for state treasurer, was next announced by Mr. Taylor. Mr. Lacy spoke only two or three minutes, but said a great deal. He said he wanted the office of treasurer and asked for votes, saying he wanted the office bad. He sized the necessity for limiting suffrage up as follows: A pistol by itself is a harmless thing; so is a little boy, but put the two together and there is danger to the community. The negro alone is an inoffensive fellow and a harmless creature. The little ballot untouched will do no one any harm, but put the negro and the ballot together and there is trouble in the land. We will stop it.

J. Bryan Grimes for secretary of state, H. B. Varner for labor commissioner, Frank McNeill for corporation commissioner and S. L. Patterson for agricultural commissioner, merely announced themselves.

The simple statement: "I can say no more—Charles B. Aycock" by Mr. Taylor, was the signal for loud and prolonged applause, and as the next governor arose the cheering became deafening. Mr. Aycock was not billed to speak last night, but said after the hearty greeting he had received he would say something. He spoke for about thirty minutes and his speech was a gem. He particularly emphasized the educational provision of the amendment and declared it to be the most commendable part of it. He was cheered to the echo at every point. Mr. Aycock is speaking with great force and with telling effect in this campaign, and is surpassing his former brilliant record as one of the best campaigners in the state.

The last speaker was Hon. W. D Turner, candidate for lieutenant-governor, and for twenty minutes he made a rousing appeal to the people who will look forward to a later period in the campaign, when they can hear him in a full discussion of the questions involved in this campaign.

The candidates went to Hickory this morning where they speak today. Hon. S. L. Patterson and Mr. Frank McNeil returned to Raleigh to attend to business in connection with their offices, and expect to rejoin the canvass again at Shelby.

MOVE FOR A HOSPITAL.

The Physicians Interested and Success is in Sight.

The Telegram is gratified to know that there is a bright prospect for the establishment of a modern hospital in Greensboro. This is one of the many things the Telegram has been advocating since it first came before the people nearly three years ago. Several times the matter has been discussed with but poor encouragement, but it has at last been taken up by men of experience and determination, and though the details and place are not yet ready to be given out, we are assured that we are soon to have a hospital

After the coming to Greensboro of Dr. Edward Baum from Baltimore, the question was revived and Dr. Baum together with Dr. John Thames, have taken hold of the enterprise The have secured the cooperation of all the local physicians and a meeting will be held Friday night, in pursuance of the following call, which has been sent to all the physicians who will aid in the movement:

"In compliance with and having ascribed your name as interested in the hospital enterprise the honor of your presence is very earnestly requested at a stated meeting to be held in the library of the Southern Loan and Trust Building on Friday evening at 9 o'clock for the purpose of perfecting an organization and making further progress in the enterprise.

"Fraternally yours,
"Edward Baum, M.D.
"John Taames, M. D.

The value of such an insititution, well equipped and properly managed, is inestimable. It has long been one of the needs of this city and we are pleased at the prospects of having the need supplied.

The Hamilton-Brown Shoe Co's "Popular" oxford ties for ladies are sold in common sense and coin toe styles at Thacker & Brackmann's. Scores of ladies who have worn these excellent ladies' summer shoes in past seasons will testify to their comfort and durability. The price is $1.75, sizes from 2½ to 7.

Speaking of a Name.

Apropos of the sentiment involved in the change of the name of the Benbow to Hotel Guilford, and the comment it has evoked, a prominent citizen remarked yesterday that when the Benbow was opened in an unfinished condition in 1872 by Dr. Benbow, it was done to accomodate a party of northern editors and that Z B. Vance was the first name ever written upon the hotel register, Mr. Vance having been invited to address the meeting of editors. In the opinion of the citizen that fact alone was enough to immortalize the name, and he was sorry it had been changed.

Bare feet are almost preferable to some shoes. The kind that it is necessary to break in generally make a man break out and say things. We had made purposely for comfort a lot of men's fine kid shoes in lace and congress. The prices are right.

Next to the Consumer

is where we stand in the lumber business. At the kicking post, as it were, in regard to prices.

First comes the owner of the timber. He just woke up to the value of it and wants double last year's prices. Then the sawmill man. He has not been making a fortune and thinks now he should share a little in the general prosperity

They say to us: "We must have so much for our trees and work." After a while it is "up to you." Don't kick. You don't suppose we have nerve enough to put up prices unless they had first been put up on us. No, indeed. But prices are NOT high. They have been to low and are just now getting reasonable. Your children will be glad to build at double the price is now costs you. It is a trite, but true saying, if you want to build, "Now is the time."

And ours is the place to get the stuff.
